

# Spinning Star Hexagon

## Tools & Supplies

1 rotary cutter for cutting out strip set  
fine Sharpie marker  
clear, template plastic

1 rotary cutter with dull blade for cutting plastic  
Removable double sided tape  
fabric in two colors

Fat Quarter  
Friendly Project

## Basic Instructions

To see how to apply the markings to the diamond template, please refer to the video. The actual lines have already been made for you in every size diamond cutting template, except the 1" finished DIT because it's too small for this technique.

Locate the size of the diamond template needed and then cut the strips in the sizes provided. Sew the strips lengthwise and press the seam open.

Place the template over the strip set so that the interior line is placed directly over the strip set seam. Right-handed quilters please start from the right side of the strip set and lefties start on the left side. Cut out the diamond shapes and then make DIT units. Refer to the video for adding the side triangles and joining the DIT units together into half-hexagons.

## Abbreviations & Definitions

**wof**—width of fabric from selvage to selvage

**fq**—fat quarter 18" x 20"

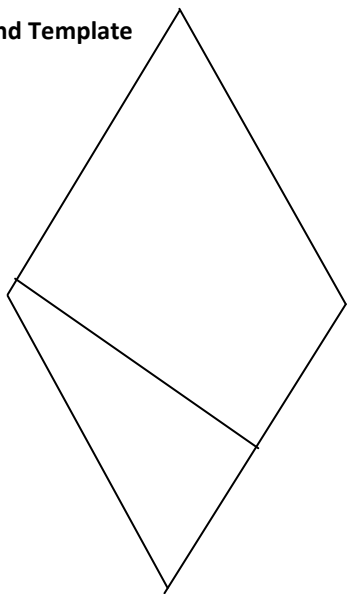

**Yield**—number of diamond shapes from wof or fq

**DIT**—Diamond In A Triangle Unit

## 2" DIT Diamond Template

2" DIT Diamond Template

WOF Strips Yield: Approximately 23 diamond units

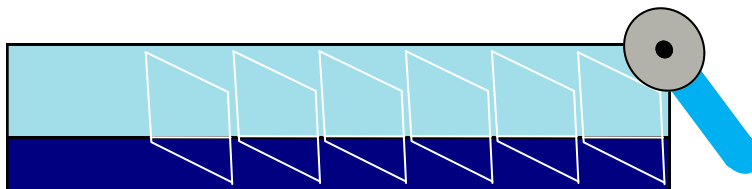

Cut light blue strip 2" x wof

Cut dark blue strip 1 1/4" x wof

FQ Strips Yield: Approximately 10-11 diamond units

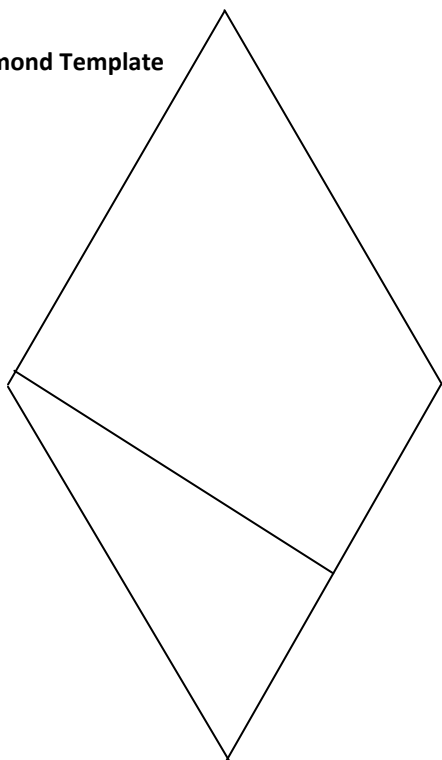

Cut light blue strip 2" x 20"

Cut dark blue strip 1 1/4" x 20"

## 3" DIT Diamond Template

3" DIT Diamond Template

WOF Strips Yield: Approximately 17-18 diamond units

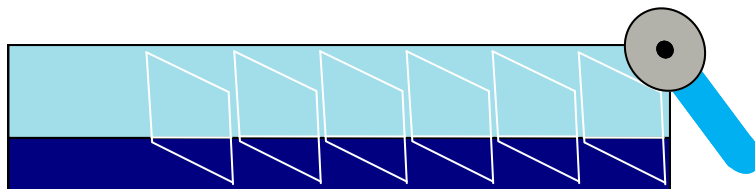

Cut light blue strip 2 5/8" x wof

Cut dark blue strip 1 1/2" x wof

FQ Strips Yield: Approximately 9 diamond units

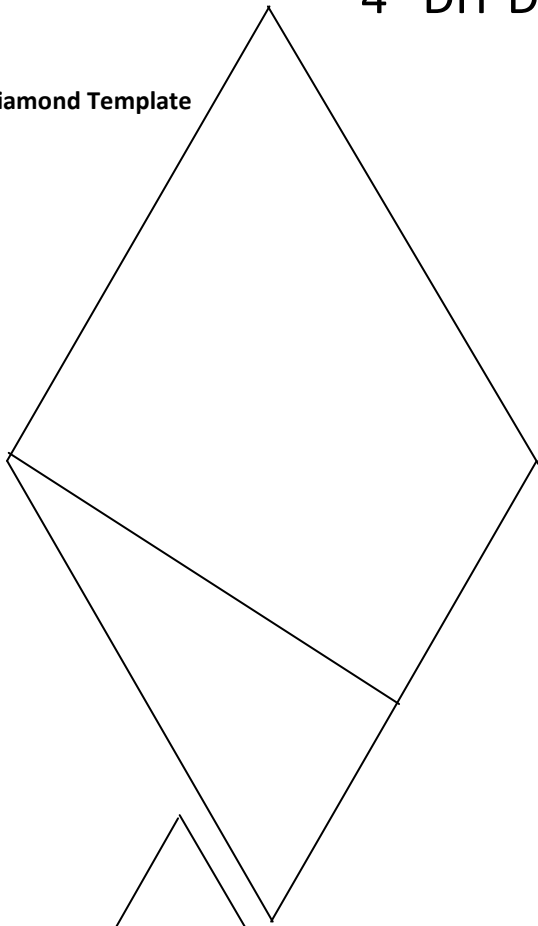

Cut light blue strip 2 5/8" x 20"

Cut dark blue strip 1 1/2" x 20"

# 4" DIT Diamond Template

4" DIT Diamond Template

WOF Strips Yield: Approximately 14-15 diamond units

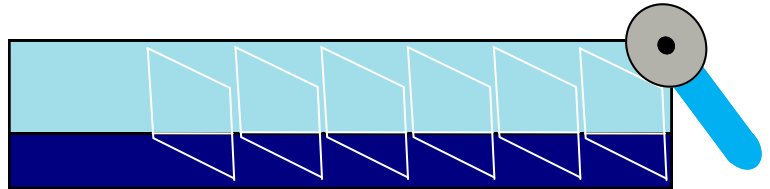

Cut light blue strip 3 1/8" x wof

Cut dark blue strip 1 3/4" x wof

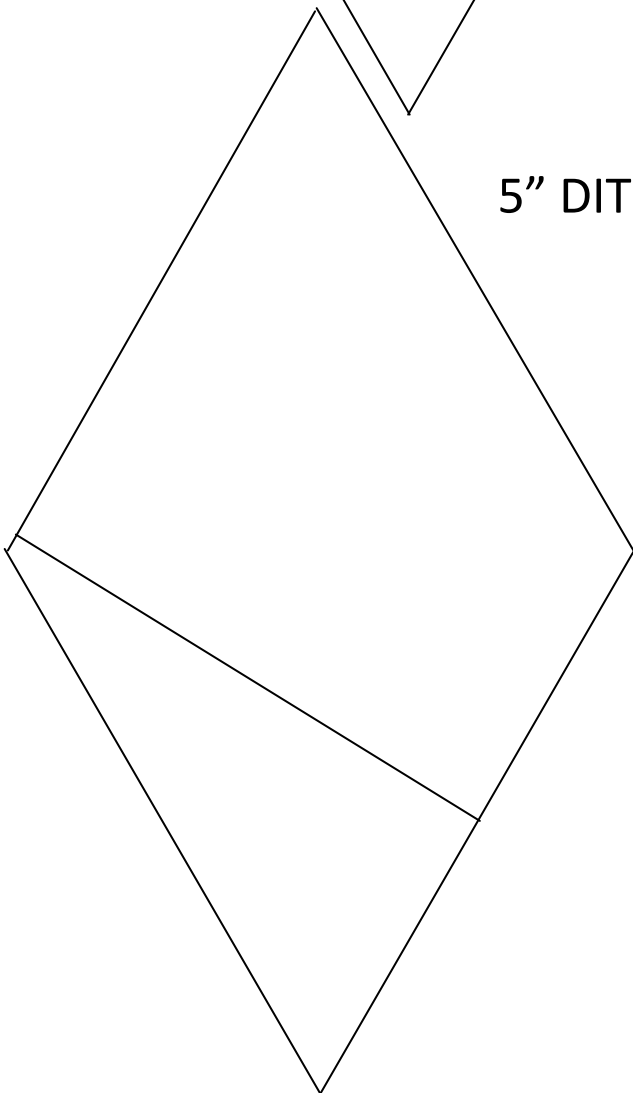

FQ Strips Yield: Approximately 6 diamond units

Cut light blue strip 3 1/8" x 20"

Cut dark blue strip 1 3/4" x 20"

# 5" DIT Diamond Template

5" DIT Diamond Template

WOF Strips Yield: Approximately 12 diamond units

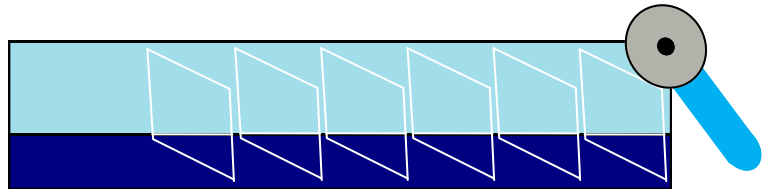

Cut light blue strip 3 5/8" x wof

Cut dark blue strip 2" x wof

FQ Strips Yield: Approximately 5 diamond units

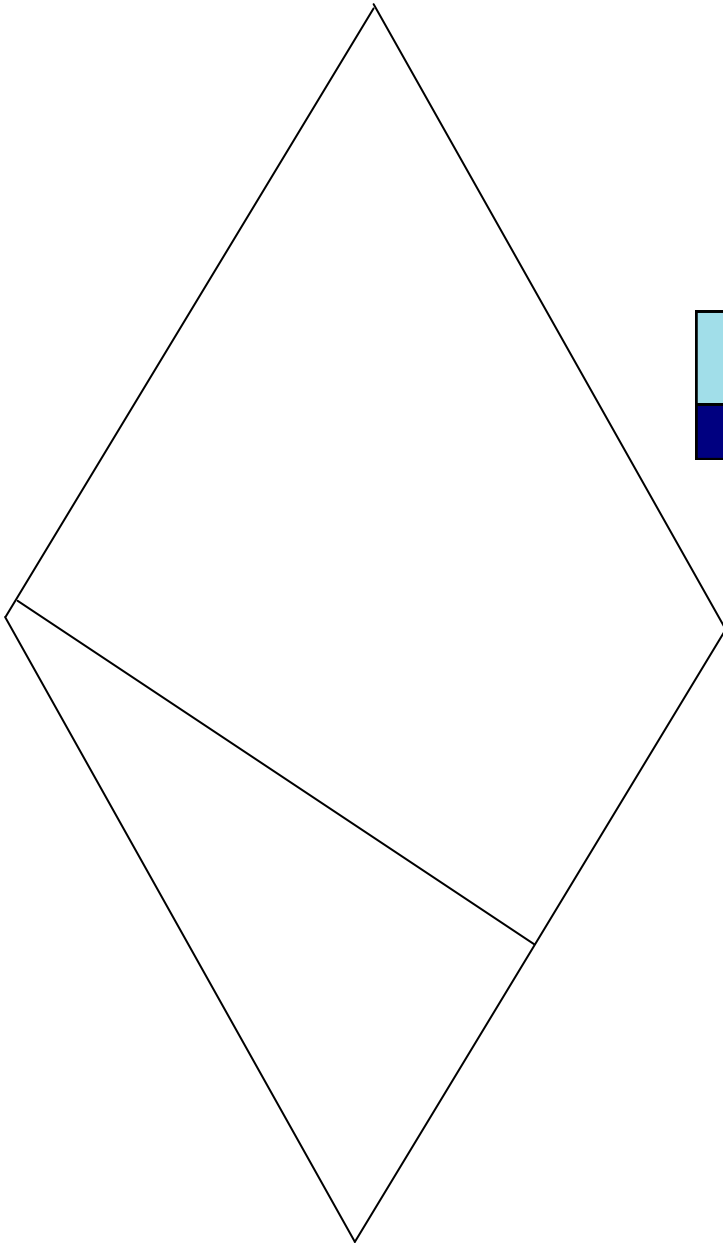

Cut light blue strip 3 5/8" x 20"

Cut dark blue strip 2" x 20"

# 6" DIT Diamond Template

**6" DIT Diamond Template**

WOF Strips Yield: Approximately 10-11 diamond units

Cut light blue strip 4" x wof

Cut dark blue strip 2 1/4" x wof

FQ Strips Yield: Approximately 4 diamond units

Cut light blue strip 4" x 20"

Cut dark blue strip 2 1/4" x 20"
